BRITISH JOURNAL OF ANAESTHESIA

EDITORIAL EXECUTIVE COMMITTEE

Joint Editors of General Issues

J. E. RIDING, *Consultant Anaesthetist, United Liverpool Hospitals; Demonstrator in the Department of Anaesthesia, University of Liverpool*

A. A. SPENCE, *Senior Lecturer, University Department of Anaesthesia (Western Infirmary), Glasgow*

Editor of Postgraduate Educational Issues

* R. A. MILLAR, *Professor of Anaesthesia, University Department of Anaesthesia, Glasgow Royal Infirmary*

Assistant Editors

G. H. BUSH, *Consultant Anaesthetist, Alder Hey Children's Hospital, Liverpool*

J. B. OWEN-THOMAS, *Senior Lecturer in Paediatric Respiratory Studies, University of Liverpool*

Consultant Editors

C. M. CONWAY, *Consultant Anaesthetist, Westminster Hospital, London*

E. A. COOPER, *Professor of Anaesthesia, University of Newcastle upon Tyne; Honorary Consultant Anaesthetist, Newcastle University Hospitals*

* J. W. DUNDEE, *Professor of Anaesthesia, Queen's University of Belfast*

* T. CECIL GRAY, *Professor of Anaesthesia, University of Liverpool*

* A. R. HUNTER (Hon. Treasurer), *Reader in Anaesthesia, University of Manchester*

* D. G. MCDOWALL, *Professor of Anaesthesia, University of Leeds*

* W. W. MUSHIN, C.B.E., *Professor of Anaesthetics, Welsh National School of Medicine*

* J. F. NUNN, *Head of Division of Anaesthesia, Clinical Research Centre, Harrow; Honorary Consultant Anaesthetist, Northwick Park Hospital*

* J. P. PAYNE, *British Oxygen Research Professor of Anaesthetics, Royal College of Surgeons of England*

* J. G. ROBSON, *Professor of Anaesthetics, University of London, Royal Postgraduate Medical School*

* D. B. SCOTT, *Consultant Anaesthetist, Royal Infirmary, Edinburgh*

By Constitution the maximum continuous period that may be served on the Editorial Executive Committee is 5 years. Retired members are eligible for re-election after an interval.

* In addition to those individuals on the EDITORIAL EXECUTIVE COMMITTEE whose names are marked with an asterisk, the following are members of the BOARD OF MANAGEMENT AND PROPRIETORS:

A. CRAMPTON SMITH, *Nuffield Professor of Anaesthetics, Oxford University*

W. D. WYLIE, *Consultant Anaesthetist, St Thomas's Hospital, London*

Papers for publication and all editorial communications should be addressed to the Joint Editors, University of Glasgow, Department of Anaesthesia (Western Infirmary), 4 Lilybank Gardens, Glasgow G12 8RZ; business communications to the publishers: JOHN SHERRATT & SON LTD, Park Road, Altrincham, Cheshire WA14 5QQ.

Published monthly. Annual subscriptions (post free): Inland £6.50; Overseas £7.00; United States and South Americas $20.00; Canada (all copies sent by air) £8.50. Non-receipt of an issue should be advised to the publishers within six months of the month of publication of that issue.

R=Book Review

Accidental hypothermia treated by central rewarming through the airway. LLOYD, E. L. 41
Accidental intra-arterial injection of amphetamine: an unusual hazard of drug addiction. BIRKHAHN, H. J., HEIFETZ, M. 761
Accidental intravenous injection of bupivacaine: a complication of obstetrical epidural anaesthesia. RYAN, D. W. 907
Acid-base and blood glucose levels of paediatric cases at induction of anaesthesia: the effects of preoperative starvation and feeding. BEVAN, J. C., BURN, M. C. .....(*ARS*) 115
Acidosis following thoracic surgery. BEVAN, J. C., BEVAN, D. R., NORMAN, J., DUNDEE, J. W., GALWAY, J. E., PANDIT, S. K. .....(*C*) 996
—— PANDIT, S. K., GALWAY, G. E., DUNDEE, J. W. 79
Acute haemorrhagic cerebral spasm in the dog: an experimental model. JAKUBOWSKI, J., MCCLEERY, W. N. C., TODD, J. H. .....(*ARS*) 1235
ADAMS, A. P., CLARKE, T. N. S., EDMONDS-SEAL, J., FOËX, P., PRYS-ROBERTS, C., ROBERTS, J. Effects of sodium nitroprusside on myocardial contractility and haemodynamics .....(*ARS*) 120
ADAMS, F. G.; see LOGAN, D. A.
Adaptive technique for programmed anaesthesia. CHILCOAT, R. T. .....(*ARS*) 1235
ADEY, G., DUNDAS, C. R., WHITE, D. C. Mechanism of anaesthesia: studies on the bacterial luminescent system in vitro .....(*ARS*) 643
ADJEPON-YAMOAH, K. K., SCOTT, D. B., PRESCOTT, L. F. Impaired absorption and metabolism of oral lignocaine in patients undergoing laparoscopy .. 143
——; see LISTON, W. A.
Administration of halothane in the 0-0.5% concentration range with the Fluotec Mark 2 and Mark 3 vaporizers. LATTO, I. P. 563
Adrenocortical function and clinical course during and after surgery in unsupplemented glucocorticoid-treated patients. KEHLET, H., BINDER, C. .. 1043
Advances in fetal monitoring and obstetric anaesthesia SCHIFRIN, B. A., SMITH, I. S. (eds.) .....(*R*)1149
Adverse reactions to intravenous anaesthetics. DUNDEE, J. W., CLARKE, R. S. J. .....(*C*) 304
Airway for direct coupling to the anaesthetic circuit. CONSIGLIO, R. V. A. .....(*C*) 334
ALEXANDER, J. I., PARIKH, R. K., SPENCE, A. A. Postoperative analgesia and lung function: a comparison of narcotic analgesic regimens 346
—— SPENCE, A. A. Apparent improvement in postoperative lung volumes by using the Entonox apparatus: a preliminary report 90

CONTENTS

JANUARY

EDITORIAL: Twenty-fifth Anniversary of the Faculty of Anaesthetists 1

ORIGINAL

Effect of halothane on altered contractility of isolated heart muscle obtained from cats with experimentally produced ventricular hypertrophy and failure 2
S. Shimosato, I. Yasuda, O. Kemmotsu, Carolyn Shanks and C. Gamble

Anaesthesia for liver transplantation in primates ... 10
K. B. Vetten, J. A. Myburgh, C. J. Mieny, I. Bersohn, F. Isaacs and A. Nermudzhivadi

CLINICAL

Factors predisposing to postoperative pain and pulmonary complications: a study of male patients undergoing elective gastric surgery 21
G. D. Parbrook, D. F. Steel and D. G. Dalrymple

The role of airway closure in postoperative hypoxaemia 34
J. I. Alexander, A. A. Spence, R. K. Parikh and B. Stuart

Accidental hypothermia treated by central rewarming through the airway 41
E. Ll. Lloyd

Anaesthesia for cardioversion: a comparison of Althesin and thiopentone 49
J. Heinonen, Riitta Orko and A. Louhija

Methoxyflurane and renal function 55
G. S. Robertson and W. F. D. Hamilton

A clinical comparison between tubocurarine and pancuronium in children 63
D. A. Nightingale and G. H. Bush

Haemodynamic effects of sodium nitroprusside during nitrous oxide/halothane anaesthesia ... 71
J. A. W. Wildsmith, R. L. Marshall, J. L. Jenkinson, W. R. MacRae and D. B. Scott

Mechanical measurement of neuromuscular blockade: a comparison between the force transducer and a simple muscle twitch monitor ... 75
C. A. Shanks and G. A. Harrison

Acidosis following thoracic surgery 79
S. K. Pandit, J. E. Galway and J. W. Dundee

Operative blood loss in guillotine tonsillectomy and adenoidectomy in children: a comparison of three premedicant drugs 86
Sheelagh M. Wilson, Mary Owen, T. B. Duff and N. A. Malcolm-Smith

Apparent improvement in postoperative lung volumes by using the Entonox apparatus: a preliminary report 90
J. I. Alexander and A. A. Spence

Blood-gas changes during trichloroethylene and intravenous pethidine anaesthesia 93
A. S. Buchan and H. W. Bauld

A comparison of Althesin and thiopentone in induction of anaesthesia 100
T. Tammisto, S. Takki, I. Tigerstedt and A. Kauste

CASE REPORTS

Histamine-like reaction to tubocurarine 108
V. Brandus, Sarah Joffe and J. M. Rubin

Postoperative ventilatory failure in a patient with primary alveolar hypoventilation 111
S. A. Hargrave, J. S. Legge and K. N. V. Palmer

PROCEEDINGS OF THE ANAESTHETIC RESEARCH SOCIETY: Cardiff Meeting, November 24, 1972 113

CORRESPONDENCE

Respiratory effects of pethidine and pentazocine during trichloroethylene anaesthesia 85
Beta-blockade and left ventricular performance under halothane anaesthesia 121
Arterial blood pressure measurement 122
Metoclopramide and gastric emptying 123
Anaesthesia and sickle-cell haemoglobin 123
Circulatory effects of controlled arterial hypotension with trimetaphan during nitrous oxide/halothane anaesthesia 123
Sodium nitroprusside in hypotensive anaesthesia ... 124
A possible hazard in newer anaesthetic methods ... 124

BOOK REVIEWS

Anaesthesia in Jamaica: Report of a Conference ... 62
Thoracic Surgical Management (1972) 70
Cerebral Circulation and Stroke 70

FEBRUARY

ORIGINAL

The cardiorespiratory effects of halothane, trichloroethylene and nitrous oxide in the dog 125
L. Loh, R. F. Seed and M. K. Sykes

Erythrocyte osmotic fragility in hyperthermia-susceptible swine 131
G. G. Harrison and C. Verburg

Determination of bromides in blood by neutron activation analysis 134
M. M. Atallah and I. C. Geddes

Oro-endotracheal intubation in the rat 139
E. Proctor and A. R. Fernando

Impaired absorption and metabolism of oral lignocaine in patients undergoing laparoscopy 143
K. K. Adjepon-Yamoah, D. B. Scott and L. F. Prescott

CLINICAL

Significance of the individual components of the Apgar score 148
J. S. Crawford, P. Davies and J. F. Pearson

Observations during endobronchial anaesthesia. I: Ventilation and carbon dioxide clearance 159
J. H. Kerr, A. Crampton Smith, C. Prys-Roberts and R. Meloche

The effect of Althesin on intracranial pressure in man 168
J. M. Turner, N. J. Coroneos, R. M. Gibson, D. Powell, M. A. Ness and D. G. McDowall

A comparison of jugular and central venous pressure measurements during anaesthesia 173
C. E. Briscoe

Effects of Althesin on cerebrospinal fluid pressure 179
T. Takahashi, M. Takasaki, A. Namiki and S. Dohi

Rise in serum creatine phosphokinase associated with agents used in anaesthesia 185
R. K. R. Innes and J. H. Strømme

An intravenous method of anaesthesia for Caesarean section. Part II: Ketamine 191
F. M. Meer, J. W. Downing and A. J. Coleman

The use of ketamine hydrochloride anaesthesia for radiotherapy in young children 197
J. A. Bennett and Jill A. Bullimore

Intravenous diazepam in dentistry: monitoring results from a controlled clinical trial 202
R. A. Dixon, C. D. Day, P. S. Eccersley and J. A. Thornton

Tests of recovery from anaesthesia and sedation: intravenous diazepam in dentistry 207
R. A. Dixon and J. A. Thornton

APPARATUS

Performance of the Quantiflex monitored dial mixer 216
J. R. Heath, M. M. Anderson and J. F. Nunn

CASE REPORTS

Denervation supersensitivity: the response to depolarizing muscle relaxants 222
V. D. Brim

Pneumothorax and contralateral hydrothorax following subclavian vein catheterization 227
M. E. Ward and P. F. S. Lee

PRELIMINARY COMMUNICATION

Clinical significance of the nerve stimulator in emergency Caesarean sections 231
R. L. Sia

CORRESPONDENCE

Malignant hyperpyrexia in a Negro 233
Methoxyflurane in Caesarean section 233
Pre-stretched cuffs on tracheostomy tubes 234
Simple and reliable method of inserting a nasogastric tube during anaesthesia 234

BOOK REVIEWS

Infections and Sterilization Problems 147
Problems of the Upper Airway 147

MARCH

EDITORIAL 235
Sir David Cuthbertson

METABOLISM IN ANAESTHESIA AND SURGERY

Anaesthesia and carbohydrate metabolism 237
R. S. J. Clarke

The effects of trauma on carbohydrate metabolism 244
H. B. Stoner and D. F. Heath

The metabolic and endocrine response to injury: a review 252
I. D. A. Johnston

Cerebral metabolic effects of hyperventilation and deliberate hypotension 256
J. R. Harp and H. Wollman

Effects of anaesthetic agents on metabolic pathways: fuel utilization and supply during anaesthesia 263
J. F. Biebuyck

Malignant hyperpyrexia 269
J. E. S. Relton, B. A. Britt and D. J. Steward

Endocrine responses to anaesthetic agents 276
T. Oyama

BIOLOGICAL DATA

Solubility coefficients for inhaled anaesthetics for water, oil and biological media 282
A. Steward, P. R. Allott, A. L. Cowles and W. W. Mapleson

Variation with temperature of the solubilities of inhaled anaesthetics in water, oil and biological media 294
P. R. Allott, A. Steward, Valerie Flook and W. W. Mapleson

CORRESPONDENCE

Reactions to Althesin 301, 303
Negative pressure on the epidural space 303
Compatibility of drugs with blood 303
Blocked or non-functioning cannulae 304
Static electricity and Rotameters 304
Adverse reactions to intravenous anaesthetics ... 304

BOOK REVIEWS

Anesthesia in Thoracic Surgery 243
Local Anaesthesia in Dentistry 268
The Year Book of Anesthesia 1972 275
Elementary Kinetics of Membrane Carrier Transport 275

APRIL

EDITORIAL. A little learning . . . ? 305

ORIGINAL

An animal model for combined methoxyflurane and gentamicin nephrotoxicity 306
G. A. Barr, R. I. Mazze, M. J. Cousins and Jon C. Kosek

An investigation, in cats, into the activity of diazepam at the neuromuscular junction 313
Sandra N. Webb and Elizabeth G. Bradshaw

Circulation-time models of the uptake of inhaled anaesthetics and data for quantifying them ... 319
W. W. Mapleson

Psychological effects of mild acute hypoxia ... 335
T. J. Crow and G. R. Kelman

CLINICAL

The spread of solutions injected into the epidural space: a study using epidurograms in patients with the lumbosciatic syndrome 338
J. M. Burn, P. B. Guyer and L. Langdon

Postoperative analgesia and lung function: a comparison of narcotic analgesic regimens 346
J. I. Alexander, R. K. Parikh and A. A. Spence

Renal function following methoxyflurane anaesthesia 353
G. W. Black and S. R. Keilty

Nephrotoxicity from methoxyflurane anaesthesia: a 6-year retrospective study 358
R. B. Urgena and S. D. Gergis

Postoperative pulmonary complications using dry and humidified anaesthetic gases 363
Julie Knudsen, N. Lomholt and K. Wisborg

Subanaesthetic dosage of propanidid as a sedative for dentistry: a controlled clinical trial 369
P. S. Cossham and R. A. Dixon

Effect of epidural blockade on the pentazocine-induced increase in plasma catecholamines and blood pressure 376
S. Takki, P. Nikki, T. Tammisto and A. Jäättelä

An intravenous method of anaesthesia for Caesarean section. Part III: Althesin 381
J. W. Downing, A. J. Coleman and F. M. Meer

GENERAL INTEREST

The organization and functional analysis of a resuscitation service covering a group of hospitals 388
D. G. Price

HISTORICAL

Two early artificial ventilators 391
J. D. Whitby

CASE REPORTS

Combined nephrotoxicity of gentamicin and methoxyflurane anaesthesia in man 394
R. I. Mazze and M. J. Cousins

Anaesthesia via the umbilical vein 399
E. Grossman and L. W. Krumperman

APPARATUS

Endotracheal intubation training using a simulator: an evaluation of the Laerdal adult intubation model in the teaching of endotracheal intubation 400
T. Hilary Howells, F. M. Emery and J. E. C. Twentyman

CORRESPONDENCE

The second thousand epidural blocks in an obstetric hospital practice 334

Airway for direct coupling to the anaesthetic circuit 334

Beta-blockade and left ventricular performance under halothane anaesthesia 352

Risk of aspiration in presence of cuffed endotracheal tubes 380

Endotracheal intubation in the rat 380

Prolonged neuromuscular blockade 380

BOOK REVIEW

Planning of Surgical Centres 387

MAY

EDITORIAL: Para-medical resuscitation 403

ORIGINAL

Potentiating and depressant effects of inhalation anaesthetics on the rat phrenic nerve-diaphragm preparation 404
B. J. Pollard and R. A. Millar

The haemodynamic effects of halothane in dogs ... 416
R. Hughes

Halothane and the responses of the heart to autonomic nerve stimulation 422
J. Norman

Preganglionic sympathetic activity and baroreceptor responses during hypothermia 433
S. U. Kaul, D. J. Beard and R. A. Millar

Computed trend analysis in automated patient monitoring systems 440
C. E. Hope, C. D. Lewis, I. R. Perry and A. Gamble

Differentiation of serum cholinesterase variants by succinyldicholine inhibition 450
J. King and Dorothy Griffin

The effects of hypocapnia on myocardial blood flow and metabolism 455
J. P. Vance, D. M. Brown and G. Smith

Metabolism of halothane during and after anaesthesia in man 464
M. M. Atallah and I. C. Geddes

Potentiation of two different local anaesthetics by carbon dioxide 471
R. F. H. Catchlove

A study of oral atropine in healthy adult subjects 475
K. R. Murrin

Influence of subnarcotic doses of Althesin (CT1341) on pain induced by two types of pain stimulus 481
M. Morgan, J. G. Whitwam and P. Page

CLINICAL

The effect of nitrous oxide on intracranial pressure in patients with intracranial disorders 486
H. T. Henriksen and P. Balslev Jörgensen

Hastening of arousal after general anaesthesia with doxapram hydrochloride 493
P. K. Gupta and J. W. Dundee

Alterations in response to somatic pain associated with anaesthesia. XXII: Nikethamide, doxapram and naloxone 497
P. K. Gupta and J. W. Dundee

Premedication in children: a controlled clinical trial of oral triclofos and diazepam 501
Juliet D. Boyd and Margaret L. M. Manford

Heart rate changes in halothane anaesthesia: effect of varying doses of atropine and neostigmine ... 507
K. Kyei-Mensah

Some cardiovascular effects of ornithine-8-vasopressin: a new surgical vasoconstrictor agent ... 511
A. J. Coleman and I. W. Baker

Some cardiorespiratory effects of Cremophor EL in man 515
T. M. Savege, E. I. Foley and B. R. Simpson

CASE REPORTS

Histamine release following pancuronium 518
R. W. Buckland and A. F. Avery

Simple core rewarming in accidental hypothermia: a case treated with heated infusion, endotracheal intubation and humidification 522
C. A. Shanks and H. M. Marsh

APPARATUS

The Cape Minor Ventilator: a functional analysis and clinical appraisal 526
D. Tweedie and G. R. Hibbert

CORRESPONDENCE

Leucocyte ascorbic acid levels in patients with multiple injuries 532

Test of a fuel cell oxygen analyser 532

Potential hazards of expiratory "retards" in commercial production 533

Maternal hypocapnia and the foetus at section ... 534

Introduction 786
J. S. Crawford

Drugs used in labour: an obstetrician's view ... 787
Pearl A. Walker

Placental effects of drugs used in labour 790
Jean Ginsburg

Narcotic antagonists and their uses in obstetrics 794
J. P. Payne

The placental transfer of pentazocine and pethidine 798
J. Moore, T. G. McNabb and J. P. Glynn

Discussion 802

THIRD SESSION

Introduction 805
D. B. Scott

Methods of neonatal respiratory assistance ... 806
G. A. Gregory

Problems in the management of assisted ventilation in the newborn and follow-up of treated cases 808
J. K. Brown, F. Cockburn, J. O. Forfar, R. L. Marshall and G. W. Stephen

Discussion 818

AUGUST

PUBLISHERS' NOTE 823

ORIGINAL

The effect of anaesthetic agents on primary cortical evoked responses 825
A. Angel, Denise A. Berridge and J. Unwin

The pharmacology of AH 8165: a rapid-acting, short-lasting, competitive neuromuscular blocking drug 837
R. T. Brittain and M. B. Tyers

A study of humidification in tracheostomized dogs 844
H. Noguchi, Y. Takumi and O. Aochi

Electromyographic and mechanical effects of suxamethonium and tubocurarine on twitch, tetanic and post-tetanic responses 849
R. L. Katz

Histological, histochemical and ultramicroscopic findings in muscle biopsies from carriers of the trait for malignant hyperpyrexia 860
H. Isaacs, Gillian Frere and Jeanette Mitchell

Effects in goats of acute hypercarbia on body oxygen stores 869
M. B. Ravin

Humidification and mucus flow in the intubated trachea 874
A. R. Forbes

CLINICAL

Psychometry and postoperative complaints in surgical patients 879
M. Cronin, P. A. Redfern and J. E. Utting

The effects of inspiration of gases saturated with water vapour on heat and moisture exchange during endotracheal intubation 877
C. A. Shanks

Clinical significance of thiopentone binding to haemoglobin and plasma protein 891
R. Edwards and F. R. Ellis

Awareness during general anaesthesia for bronchoscopy and laryngoscopy using the apnoeic oxygenation technique 894
A. Marshall Barr and R. M. Wong

CASE REPORTS

Malignant hyperpyrexia occurring in a second Johannesburg family 901
H. Isaacs and M. B. Barlow

Accidental intravenous injection of bupivacaine: a complication of obstetrical epidural anaesthesia 907
D. W. Ryan

Rupture of the cervical trachea following a road traffic accident 909
D. Sirker and M. M. Clark

APPARATUS

The Toronto ventilating laryngoscope 912
S. Galloon

The effect of intermittent positive pressure on the output of halothane from a Blease Univap universal vaporizer 915
R. R. Chatrath

Contact mattress to prevent heat loss in neonatal and paediatric surgery 919
R. B. Lewis, A. Shaw and A. H. Etchells

PROCEEDINGS OF THE ANAESTHETIC RESEARCH SOCIETY: Edinburgh Meeting, June 23, 1973 ... 923

CORRESPONDENCE

Incremental doses of propanidid after a single dose of diazepam ... 928

Anaphylactic reaction induced by infusion of Haemaccel ... 929

The effects of ketamine on guineapig heart ... 929

BOOK REVIEWS

Introduction to Anaesthesia, 4th edn., 1972 ... 868

Clinical Application of Blood Gases ... 900

Steroids and Brain Edema ... 911

SEPTEMBER

EDITORIAL: Nourishment in illness ... 935

FLUID INFUSION AND THERAPY

Physiology of body fluids and electrolytes ... 937
M. W. B. Bradbury

Fluid and electrolyte balance: assessment of the patient ... 945
L. R. Dougan and W. E. I. Finlay

Fluid balance in paediatric surgery ... 953
D. G. Young

Blood substitutes ... 958
C. R. Ricketts

Some aspects of parenteral nutrition ... 963
J. M. Reid

Renal function during and after anaesthesia and surgery: significance for water and electrolyte management ... 968
D. R. Bevan, H. A. F. Dudley and P. J. Horsey

Hyponatraemia and sick cells ... 976
C. T. G. Flear and C. M. Singh

BOOK REVIEW

International Symposium on Malignant Hyperthermia ... 936

CORRESPONDENCE

Prolonged paediatric nasotracheal tube fixation 995

Acidosis following thoracic surgery ... 996

Reaction to pancuronium? ... 997

Training for endotracheal intubation ... 997

Cerebral metabolic effects of hyperventilation and deliberate hypotension ... 998

OCTOBER

ORIGINAL

Genetic control of barbiturate depression: strain and sex variation ... 999
S. Halevy and M. J. Frumin

The inhibition of mitochondrial respiration by inhalational anaesthetic agents ... 1005
G. M. Hall, S. J. Kirtland and H. Baum

Pharmacokinetic study of the local anaesthetics bupivacaine (Marcain) and etidocaine (Duranest) in man ... 1010
D. B. Scott, P. J. R. Jebson and R. N. Boyes

Factors influencing the development of expiratory muscle activity during anaesthesia ... 1013
S. U. Kaul, J. R. Heath and J. F. Nunn

Althesin and malignant hyperpyrexia ... 1019
G. G. Harrison

Local anaesthetic effect of oxyfedrin in animals ... 1022
F. W. Eichbaum and W. J. Yasaka

CLINICAL

Arterial concentrations of nitrous oxide during intermittent patient-controlled inhalation of 50% nitrous oxide in oxygen (Entonox) during the first stage of labour ... 1029
I. P. Latto, M. J. Molloy and M. Rosen

The effect of carbon dioxide on cardiac output in patients undergoing mechanical ventilation following open heart surgery ... 1035
Penelope B. Hewitt, J. H. Chamberlain and R. F. Seed

Adrenocortical function and clinical course during and after surgery in unsupplemented glucocorticoid-treated patients ... 1043
H. Kehlet and Chr. Binder

Maternal and foetal plasma concentrations of bupivacaine after epidural block ... 1049
Felicity Reynolds, R. L. Hargrove and J. B. Wyman

Induction apnoea and the peripheral chemoreceptors ... 1054
D. E. Fry, J. G. Whitwam and M. K. Chakrabarti

Rapid intraoperative reduction of intracranial pressure with thiopentone ... 1057
H. M. Shapiro, A. Galindo, S. R. Wyte and A. B. Harris

Ventilation during bronchoscopy with an injector 1063
I. M. Bali, J. W. Dundee and H. M. Stevenson

Plasma levels of bupivacaine following pudendal block in labour ... 1067
P. Belfrage, A. Berlin, M. Lindstedt and N. Raabe

Continuous positive pressure ventilation in the management of eight cases of acute pulmonary oedema ... 1070
A. Esteban, F. J. de Elío, P. Ancillo, E. Gómez-Acebo and E. Cerdá

Postoperative pain and anxiety: a comparison of pentazocine alone and pentazocine combined with oxypertine in postoperative pain and anxiety 1075
J. N. Ward-McQuaid, M. I. Chowdhury and S. A. Zaman

CASE REPORT

Major airway obstruction by mediastinal tumour 1082
K. Amaha, Y. Okutsu and Y. Nakamura

CORRESPONDENCE

Humidity and the anaesthetized patient 1021
Positive end-expiratory pressure 1021
Fluoride numbers 1053
Simple and reliable method of inserting a naso-gastric tube during anaesthesia 1062
The effects of anaesthetics on splanchnic circulation 1062
Plasma levels of diazepam 1085
Nitrous oxide and intracranial pressure 1086
Cuirass ventilators 1086

BOOK REVIEW

Blood Gases: Haemoglobin, Base Excess and Maldistribution 1004

NOVEMBER

ORIGINAL

Placental transfer of ^{14}C labelled succinylcholine in near-term Macaca mulatta monkeys ... 1087
J. Drábková, J. F. Crul and E. van der Kleijn

Histamine release after intravenous application of short-acting hypnotics: a comparison of etomidate, Althesin (CT1341) and propanidid ... 1097
A. Doenicke, W. Lorenz, R. Beigl, H. Bezecny, G. Uhlig, L. Kalmar, B. Praetorius and G. Mann

The analgesic effect of halothane 1105
I. T. Houghton, M. Cronin, P. A. Redfern and J. E. Utting

Maternal and foetal cardiovascular and acid-base changes during ketamine anaesthesia in pregnant ewes 1111
G. Levinson, S. M. Shnider, J. E. Gildea and A. A. de Lorimier

Hepatic transplantation in the neonatal pig ... 1116
R. S. Jones, Irene M. Irving, R. A. Sells and D. W. Jagger

CLINICAL

Management of patients for yttrium-90 implantation of the pituitary gland 1121
J. G. Whitwam, W. M. G. Tunbridge and W. I. Fuller

Management of 130 cases of chest injury with respiratory failure 1130
Jennifer Gibbons, O. James and A. Quail

Relief of pain in chest injury 1136
Jennifer Gibbons, O. James and A. Quail

The effect of atropine premedication on body temperature of children in the tropics ... 1139
J. A. O. Magbagbeola

Single-dose antacid therapy for the prevention of Mendelson's syndrome 1143
S. K. Lahiri, T. A. Thomas and R. M. H. Hodgson

Backache, headache and bladder dysfunction after delivery 1147
L. H. Grove

Diazepam premedication and awareness during general anaesthesia for bronchoscopy and laryngoscopy 1150
A. W. Duncan and A. Marshall Barr

A clinical trial of apparatus for anaesthesia for domiciliary midwifery 1153
J. H. Whitford, C. E. Cory and J. B. Beddard

PERSONAL VIEWPOINT

On taking examinations 1158
Peter V. Scott

CASE REPORT

Malignant hyperpyrexia caused by trimeprazine 1163
D. G. Moyes

APPARATUS

Oxygen failure: a potential danger with air-flowmeters in anaesthetic machine with remote controlled needle valves 1165
P. C. Liew and A. Ganendran

CORRESPONDENCE

Anaesthesia for bladder inflation therapy ... 1162
Simple and safe method for inserting a naso-gastric tube 1168
The Toronto ventilating laryngoscope 1168

BOOK REVIEWS

Intracranial Pressure: Experimental and Clinical Aspects 1129
Advances in Fetal Monitoring and Obstetric Anesthesia 1149
Cardiac Arrest and Resuscitation 1157
Lumbar Puncture and Spinal Analgesia ... 1157

DECEMBER

ORIGINAL

Whole body distribution of ^{14}C succinylcholine in the foeto-placental unit of near-term Macaca mulatta monkeys 1169
E. van der Kleijn, J. Drábková and J. F. Crul

Effect of cyclopropane on contractile performance of cardiac muscle with experimental chronic heart failure 1178
Y. Hashimoto, O. Kemmotsu and S. Shimosato

Some interactions between morphine and diazepam in the mouse and rabbit 1185
Elizabeth G. Bradshaw, T. K. Biswas and Barbara J. Pleuvry

APPARATUS

An evaluation of the "Rapox" rapid response paramagnetic oxygen analyser 1191
C. M. Conway, J. M. Leigh, M. J. Lindop and D. A. Webb

CLINICAL

The effect of posture on the measurement of oesophageal pressure in the curarized subject 1198
J. A. W. Wildsmith

Cardiac output and venous admixture during intermittent positive pressure breathing ... 1201
G. Hedenstierna and J. B. Löfström

Epidural analgesia for Caesarean section 1206
M. K. Milne and J. I. Murray Lawson

Positioning central venous catheters through the basilic vein 1211
W. Shang Ng and M. Rosen

Clinical studies of induction agents. XLII: Influence of injection rate and dosage on the induction complications with Althesin ... 1215
I. O. Samuel and J. W. Dundee

Ketamine-relaxant-air anaesthesia for abdominal surgery in the developing countries 1217
J. A. O. Magbagbeola

Oxypertine (Integrin): a study of its use in premedication 1222
W. Norris and P. G. M. Wallace

CASE REPORTS

Hypertensive encephalopathy following urological surgery 1226
C. H. Lockhart, J. P. Hayes and P. R. Hackett

Magnesium intoxication: an uncommon cause of prolonged curarization 1228
A. J. C. de Silva

PROCEEDINGS OF THE ANAESTHETIC RESEARCH SOCIETY: London Meeting, November 16, 1973 1230

CORRESPONDENCE

Epidural drip and post-spinal headache 1177

Safety of oxygen supplies 1221

The Lewin Report 1221

BOOK REVIEWS

Medical Examination Review Book, Vol. 12, *Anesthesiology* 1197

The Layman's Guide to Acupuncture 1225

Paediatric Anaesthesia 1225

Anesthesiology: Progress since 1940 1227
